

# INTERNATIONAL CONFERENCE ON Pediatrics and Child Health

June 25-26, 2020

Barcelona, Spain

# About

**Pediatrics Conference 2020** is designed for Pediatricians working in Primary and Secondary Care, Pediatric Surgeons, Family Medicine Doctors, General Practitioners, Nurse Practitioners, Researchers and Policy Makers to create an invaluable channel to network with global and regional leaders as well as to collaborate with the most influential speakers, keynotes and informative panels. The series of keynote talks, workshops, poster presentations, discussions and networking events will keep the attendees occupied with learning and making new associations. We encourage delegates to use this conference as a meeting place to assemble their academic interest group for global deliberations.

With a great honour, Research Valley announces the commencement of “**International Conference on Pediatrics and Child Health**” during **June 25-26, 2020** in **Barcelona, Spain** with the theme “*Recent Innovations and Advanced Practices in Pediatrics*”. Pediatrics Conference 2020 will be focusing on advancements in the field of Pediatrics & Child healthcare. Pediatric Conference 2020 provides a great opportunity to share thoughts, exchange knowledge and establish research collaborations, and also proves itself as an ideal stage to share the perspectives and information through the keynote sessions, plenary talks and poster presentations on pediatrics, pediatric surgery, novel treatments in child health, neonatal care and latest developments.

- Academic Professionals

## Why to attend?

**Pediatrics Conference 2020** is one of the interesting educational and scientific events for the Pediatric Medicine Community.

By participating in the conference, attendees will be able to know the novel therapies, and advanced treatments in child care.

**Pediatrics Conference 2020** gives an open window to discuss about the novel therapeutic approaches, current challenges in child care, and advanced methods to diagnose and treat emerging infectious diseases in children.

## About Venue

### Barcelona, Spain

Barcelona is the capital city of the autonomous community of Catalonia in the Kingdom of Spain, as well as the country's second most populous municipality, with a population of 1.6 million within city limits. Being the sixth-most populous urban area in the European Union after Paris, London, Madrid, the Ruhr area and Milan. It is the largest metropolis on the Mediterranean Sea, located on the coast between the mouths of the rivers Llobregat and Besòs, and bounded to the west by the Serra de Collserola mountain range, the tallest peak of which is 512 meters (1,680 feet) high. Barcelona propositions the best of both worlds, situated on the Costa Brava on the Spanish Mediterranean coast, the city gently rises up from the coastline through the city and up into a range of wooded hills. Famous for breaking ground art, avant-garde chefs and architecture; the city eclipses many others for its creativity and forward thinking. Barcelona is a dynamic, open Mediterranean city. It is the perfect city to relax, stroll around and enjoy its unique way of life. Barcelona offers so much to the cultural visitor, there is so much to see, something new and exciting awaits around every corner. The famous Las Ramblas avenue, Gothic architecture, Gaudi's Parc Güel and the unfinished La Sagrada Cathedral, La Ribera and La Barceloneta, The old Raval quarter, a beachside ravel of corridor style streets where you can find some fantastic resident restaurants and bars, away from the typical tourist area. Getting around Barcelona is easy. You can pretty much walk around the entire city.

**We wish to see you at Barcelona!!!**
