ABOUT OSAKA

Osaka is situated in the damp subtropical atmosphere zone with four unmistakable seasons. Its winters are commonly mellow; the blossom fields offer a wide assortment of blooms in the long stretch of May notwithstanding, the district is most popular for its lavender which draws in substantial quantities of guests each mid-year when the plants are in full sprout. Spring in Osaka begins off mellow, however, winds up being hot and damp. More prominent Osaka has a broad system of railroad lines, equivalent to that of Greater Tokyo. Osaka is served by two airplane terminals outside of the city, Kansai International Airport which handles basically worldwide traveler flights and Osaka International Airport which handles, for the most part, local administrations and some global payload flights.
