ABOUT US

Master'sMind Meetings will be a Comprehensive Conferences Hub established to educate, empower, and support the researchers in every field. We are focused on building a platform by conducting International Conferences, Seminars, Webinars, Workshops, Symposia and other related events. for knowledge dissemination and key to strengthening the scientific community by connecting all researchers together for sharing their valuable research outputs and discussing the perspectives with scholars and practitioners from around the world.

We organize a wide range of conferences with outstanding keynote talks, interactive sessions, and enthusiastic deliberations on research and development in the fields of medicine, engineering, and technology. These conferences enlighten cutting-edge concepts, ideas, practices, and projects through arenas of scholarly articles discussed by academics at a global level to provide clarity of modern science. We preserve the long-term relationships with our authors and supporting them throughout their careers.

INVITATION

We extend a warm invitation for “International Conference On Diabetes and Endocrinology”, is a Hybrid Event: You can participate in person at Bangkok or Virtually from your home or work. And is set to be held on October 20-21, 2025, in Bangkok, Thailand. The discussions will encompass on the Theme “Innovations in the field of Diabetes, Endocrinology and obesity procedures and Treatment”. This is an excellent opportunity to observe important scholarly conversations and offer input for future advancements in the fields of Obesity, Endocrinology, and Diabetes.

Diabetes Congress 2025 is a dedicated platform for all Diabetologists and Endocrinologists. By providing access to ongoing education and networking opportunities, the Conference hopes to strengthen the profession advancing practice for the benefit of populations and the individual patients we serve. Over 30% of hospitalized patients have diabetes and this variety is predicted to grow. Educating and managing diabetes is difficult, whether or not within the inpatient or patient setting. Diabetes conference scheduled Beverly to supply an informative and upbeat program which will encourage workers to market excellence in diabetes care and education.

This year's event on diabetes will produce the future experts in this Crucial field for global health.

TARGET AUDIENCE

- Diabetologist
- Endocrinologist
- Global researchers of Diabetes
- Diabetes Societies and Associations
- General Physicians
- Asst. Professors / Professors
- Business Professionals
- Research Scholars and Students
- Pediatrician
- Internal Medicine specialist
- Family Medicine specialist
- Healthcare Nutritionist and Dietician
- Resident Doctors
- Product & Device Manufactures
- Pharmacologists
- aragraph text

Benefits for Participants:

- This category allows participants to present at the conference at onsite in Bangkok as well as virtually from home or work without attending In person
- Access to all Presentations
- Abstract Book and Program
- Certificate for Presentation and Participation

Note: Participants registered under Listener and accompanying category are not allowed to present their papers in Oral or Poster sessions.

PROGRAM SCHEDULE

Day 1: (Oct 20, 2025)

- 08:00-09:00 Registrations
- 09:00-09:30 Opening Ceremony and Introduction
- 09:30-10:30 Keynote Session I
- 10:30-11:00 Refreshment Break
- 11:00-12:30 Keynote Session II
- 12:30-13:30 Lunch
- 13:30-15:00 Break Out Session I
- 15:00-15:30 Refreshment Break
- 15:30-18:00 Break Out Session II

Day 2: (Oct 21, 2025)

- 09:00-10:30 Keynote Session III
- 10:30-11:00 Refreshment Break
- 11:00-12:30 Break Out Session III
- 12:30-13:30 Lunch
- 13:30-15:00 Poster Presentations
- 15:00-15:30 Refreshment Break
- 15:30-18:00 Break Out Session IV
- – Closing Ceremony

ABOUT VENUE

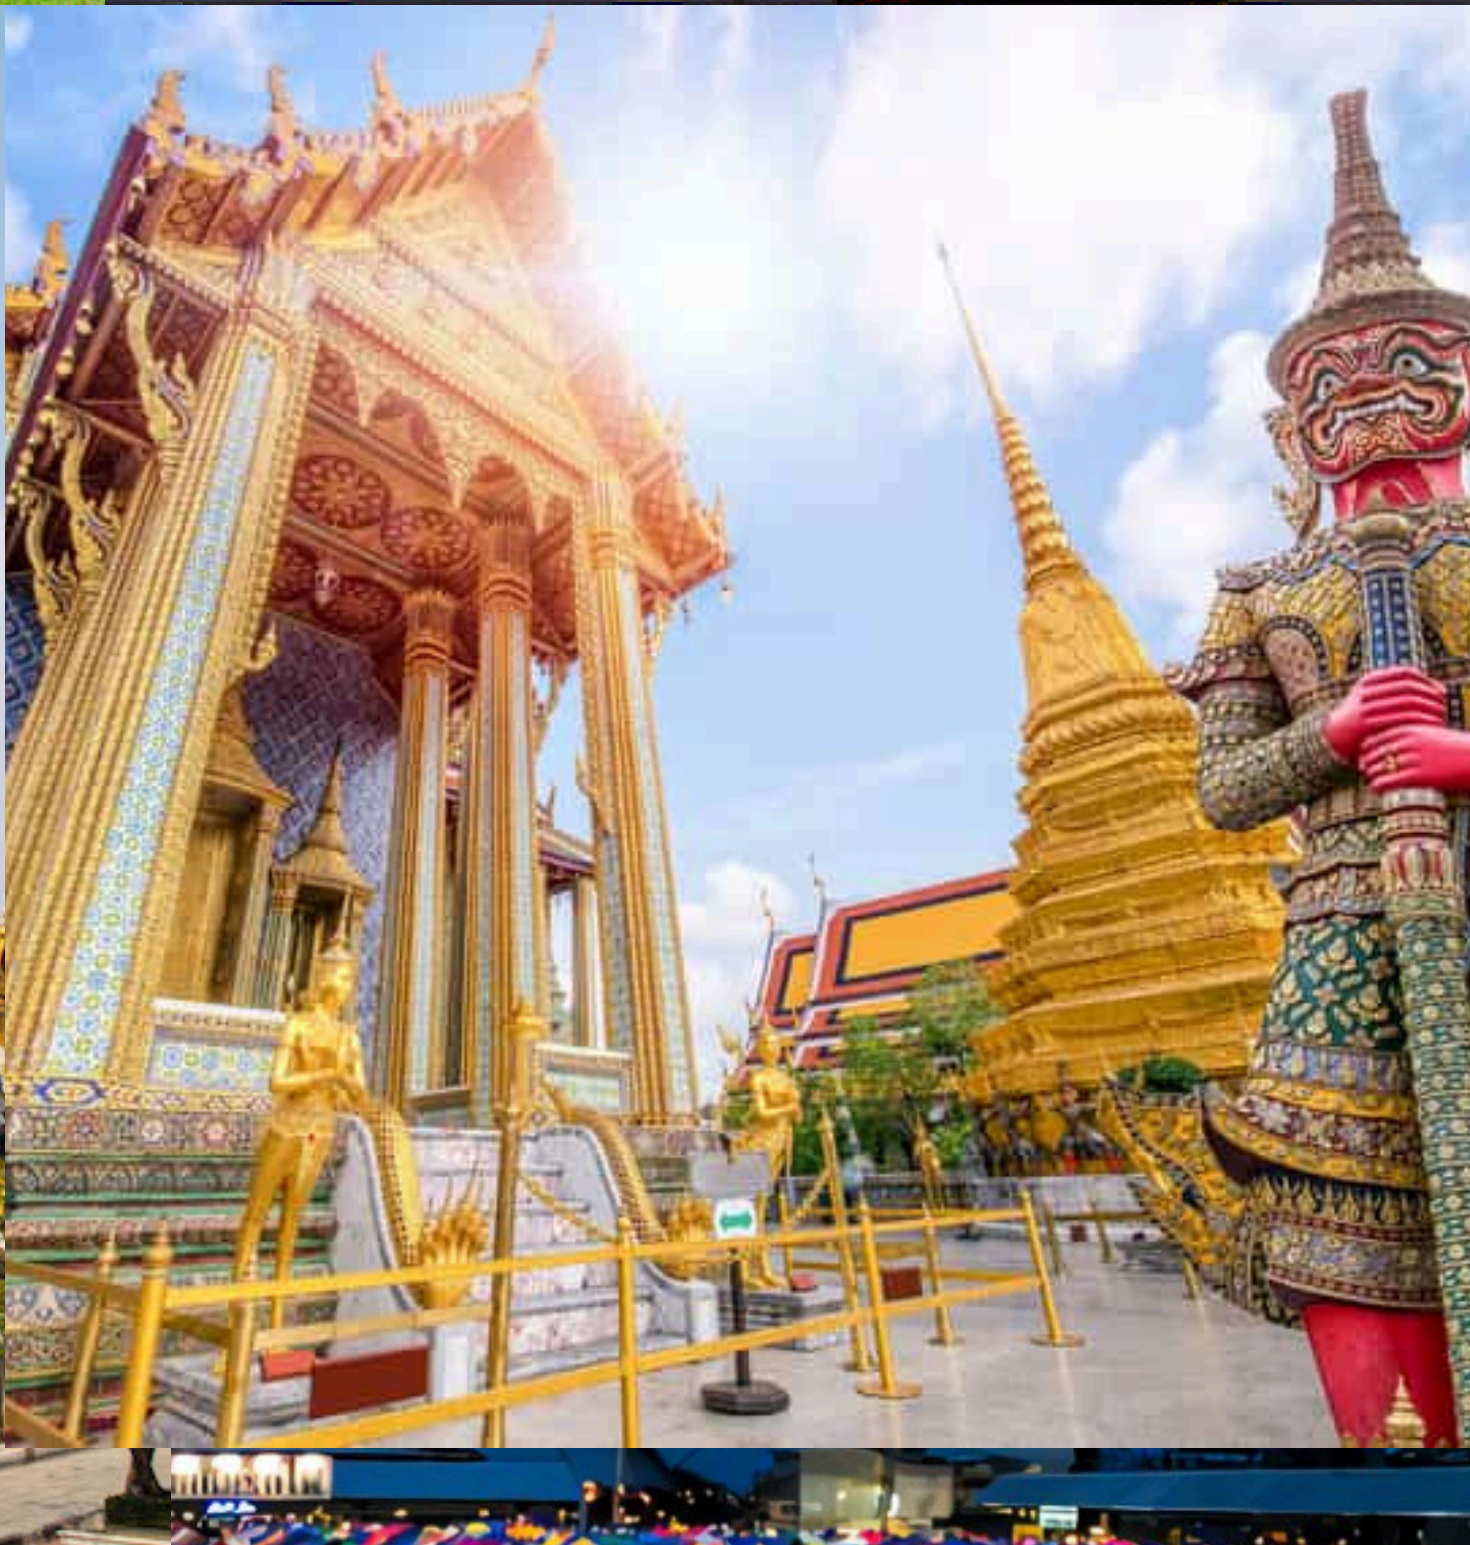

Bangkok, The City of Angels or "Krungthep" in Thai, is the capital city of Thailand. Bangkok is the hub for most of the commercial and economical activities of the Kingdom. At the same time, the City is very famous and appreciated by visitors for its versatility and multiple points of interests. From temples, the Grand Palace, all the way over the some of Asia's largest shopping centers and the largest outdoor market of Asia (Chatuchak), Bangkok definitely has what it takes to entertain visitors from all origins, either first time or return travelers. With a significant international airport, it serves as the starting point for many travels to Thailand and other parts of Southeast Asia, but there are many good reasons to visit the city.

In Thailand, the expression “same same, but different” is used to describe practically everything. Alongside soaring glass skyscrapers, stylish rooftop bars, and enormous contemporary malls are bustling traditional markets and beautiful golden temples where you can immerse yourself in the local culture as it has been for decades.

Bangkok has a large range of cultural attractions to visit. From the various Royal residences to the temples and other religious sites all the way over to the recently opened Bangkok Art and Culture Center, as well as numerous smaller galleries and museums. The main monuments are easy to access and widely known while some of the smaller venues or more recently opened venues are sometimes a bit challenging to locate.
