About us

3rd International Congress on Heart & Cardiology 2025

Meetings Era Group is thrilled to extend a warm invitation to the “3rd International Congress on Heart & Cardiology,” a pivotal event that brings together the best minds in the field of cardiovascular health. Set against the stunning backdrop of Paris, France, this two-day event will take place November 27-28, 2025, and will also be accessible virtually for participants from around the globe.

Under the theme “Revealing Innovations in Cardiology for a Healthier Heart”, this prestigious congress will spotlight the most cutting-edge advancements in cardiovascular medicine. This is your chance to delve into groundbreaking research, participate in thought-provoking discussions, and network with global experts dedicated to transforming heart health. Mark your calendar for an enriching experience that will inspire and elevate your expertise at the Heart Congress 2025. Join us in shaping the future of Cardiovascular Conference.

Warm Regards, 3rd
international congress on
heart and cardiology 2025

Sessions & Tracks

- Cardiovascular Diseases and Disorders
Echocardiography, Cardiac CT and MRI
- Cardiovascular Surgery
- Neurology and Cardiology
- Molecular and Cellular Cardiology
- Cardio-Oncology and Nuclear Cardiology
- Hypertension and Obesity
- Cardiovascular Pharmacology
- Neurology and Cardiology
- Cardiovascular Pharmacology

Why Attend:

- Engaging, Concurrent Sessions – Discover groundbreaking research and clinical advancements in cardiology. Sessions are designed to span both innovation and clinical excellence, allowing attendees to tailor their experience across cardiovascular nursing, quality improvement, and emerging innovations in heart health.
- Cutting-Edge Exhibit Hall – Explore the latest technologies and devices in cardiac care. Industry leaders will showcase innovations in diagnostics, therapeutics, monitoring, and patient-centered care that attendees can bring back to their practice settings.
- Premier Preconference Symposium – One of the most anticipated events in cardiovascular professional development. This symposium will challenge traditional thinking and redefine how we approach heart health, prevention, and treatment strategies.
- All-New Conference Experiences – Participate in exciting, hands-on learning environments such as our Innovation Lab—designed to help attendees develop and refine new ideas in heart care. Celebrate nursing and interdisciplinary collaboration at our exclusive Visionary Heart Leaders Night, supporting your goals and aspirations.
- Celebration & Community Like Never Before! – This year's event promises more energy, more celebration, and more connections. From inspiring keynote speakers to unforgettable social events, the Heart Conference is an experience like no other.

Paris, often dubbed "The City of Light," is a dazzling metropolis that captures the imagination of millions around the world. Situated on the banks of the Seine River, Paris is not only the capital of France but also a global symbol of art, culture, and history. The city is home to some of the most recognizable landmarks in the world, such as the Eiffel Tower, a towering symbol of French ingenuity, and the Louvre Museum, which houses masterpieces like the Mona Lisa and The Venus de Milo.
