About us

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives.

Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges.

Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide.

We bring in eminent speakers with world-class expertise from various countries to enlighten our researchers and spark enthusiasm for research through our best conferences... [\(click here for more\)](#)

- Renowned speakers and scientists across the globe.
- Poster presentations and world class exhibits.
- Panel discussions and interactive sessions.
- B2B meetings.
- Perfect platform for Global Networking

Conference and Webinar Details

About Conference

We are glad to announce the **2nd International Conference on Pediatrics and Child Health**, set to take place in the vibrant city of **Kuala Lumpur, Malaysia**, on **May 07–08, 2026**.

This landmark event is dedicated exclusively to the interconnected fields of pediatrics and child health, serving as a dynamic platform for pediatricians, neonatologists, researchers, academics, and healthcare professionals to share the latest advancements and transformative research shaping the future of child healthcare.

Under the theme “*From Prevention to Precision: Global Advances in Pediatric and Neonatal Care*” the conference will bring together global experts to explore cutting-edge strategies, technological innovations aimed at improving the prevention, diagnosis, and treatment of childhood conditions.

Uniting in Kuala Lumpur to shape the future of pediatric and neonatal care-globally, boldly, together!.

About Webinar

Scientex Conferences warmly invites pediatricians, neonatologists, researchers, and healthcare professionals to join the **2nd International Webinar on Pediatrics and Child Health**, taking place virtually on **May 21–22, 2026**, aligned with **GMT+8 (Malaysia Time Zone)**.

This webinar will feature distinguished keynote speakers, expert panel discussions, and collaborative networking opportunities, highlighting the latest innovations in pediatric and neonatal healthcare.

Building on the success of Pediatric Summit 2025, this global event provides a dynamic platform for knowledge exchange and meaningful dialogue.

As a token of appreciation, all registered participants will receive an e-certificate.

We look forward to your enthusiastic participation in Pediatric Summit 2026!. [\(click here for more\)](#)

CONFERENCE HIGHLIGHTS

- Lectures by the active Investigators
- Keynote forums by Renowned Speakers
- Speaker Forum
- Poster Sessions on latest Innovation in all the relevant Areas
- Panel discussions and interactive sessions.
- Open Innovation Challenges
- Poster Sessions on every career stage
- Post-Doctoral Career Development Session
- Young Research Forum
- B2B Meetings
- Global Networking with 50+ Countries
- Novel techniques to benefit your research
- Best platform for Global business and Networking opportunities
- Excellent platform to showcase the latest products in Pediatrics and affiliates

TARGET AUDIENCE

- Pediatricians and Pediatric surgeons
- Pediatric nurses and nurse practitioners
- Pediatric specialists
- Child Psychologists and Psychiatrists
- Neonatologists
- Pediatric researchers and Academicians
- Medical students and residents specializing in pediatrics
- Pediatric Nutritionists and Dieticians
- Social workers specializing in child welfare
- Representatives from pediatric healthcare organizations and NGOs.

Session Highlights

- Neonatology and Perinatology
- Advances in Neonatal Care
- Neonatal hearing disorders
- Genetics and Genomic Medicine in Pediatrics
- Developmental and Behavioural Pediatrics
- Childhood Nutrition and Obesity
- Pediatric Allergy and Immunology
- Pediatric Pulmonology
- Pediatric Cardiology
- Pediatric Gastroenterology
- Pediatric Neurology
- Pediatric Oncology
- Pediatric Hematology
- Pediatric Rheumatology
- Pediatric Infectious Diseases
- Pediatric Nephrology & Urology
- Pediatric Dermatology
- Pediatric Surgery
- Pediatric Emergency Medicine
- Pediatric Pain Management and Palliative Care
- Mental Health in Children
- Adolescent Medicine
- Pediatric Pharmacology
- Pediatric Dentistry
- Innovations in Pediatric Health Care
- Recent Technology and Child Health

About Venue

AC HOTEL BY MARRIOTT KUALA LUMPUR

09, Off, Jalan Lumut, Jalan Ipoh, 50400 Kuala Lumpur,
Wilayah Persekutuan Kuala Lumpur, Malaysia

AC Hotel Kuala Lumpur is a contemporary Marriott property located at 09, Off Jalan Lumut, Jalan Ipoh, in Kuala Lumpur. This stylish hotel offers modern guest rooms, free Wi-Fi, an outdoor pool, and a fitness center, catering to business and leisure travelers alike. It features versatile meeting and event spaces ideal for conferences and gatherings. The convenient location provides quick access to the Putra World Trade Centre, Kuala Lumpur City Centre, and Petronas Twin Towers. Guests can explore nearby restaurants, shopping malls, and cultural sites. Excellent public transport links, including LRT and KTM stations, ensure easy travel across the city.

Kuala Lumpur, the vibrant capital of **Malaysia**, is a bustling metropolis where tradition and modernity harmoniously blend. Known for its iconic Petronas Twin Towers, the city is a melting pot of Malay, Chinese, Indian, and indigenous cultures. Ancient temples and colonial buildings stand alongside modern malls and high-tech infrastructure, offering visitors a richly diverse experience. Located in the heart of Peninsular Malaysia, Kuala Lumpur is part of a nation with over 33 million people. The climate is tropical and humid year-round, with temperatures typically ranging from 23°C to 33°C. As a major hub for business, tourism, and education in Southeast Asia, the city attracts global visitors for both leisure and professional gatherings. In terms of healthcare, Malaysia continues to invest in public health and primary care, with ongoing initiatives aimed at improving access, research, and healthcare outcomes for its population.. TOP REASONS TO PARTICIPATE

- Develop Your Network
- Position Yourself as an Expert
- Meet Experts & Influencers Face to Face
- Gain Targeted Knowledge
- New Tips & Tactics
- Invest In Yourself
- Gain New Collaborations
- Present your Ideas and Work
- Be Inspired
- Travel, Explore and Have Fun!!

Past Event Report

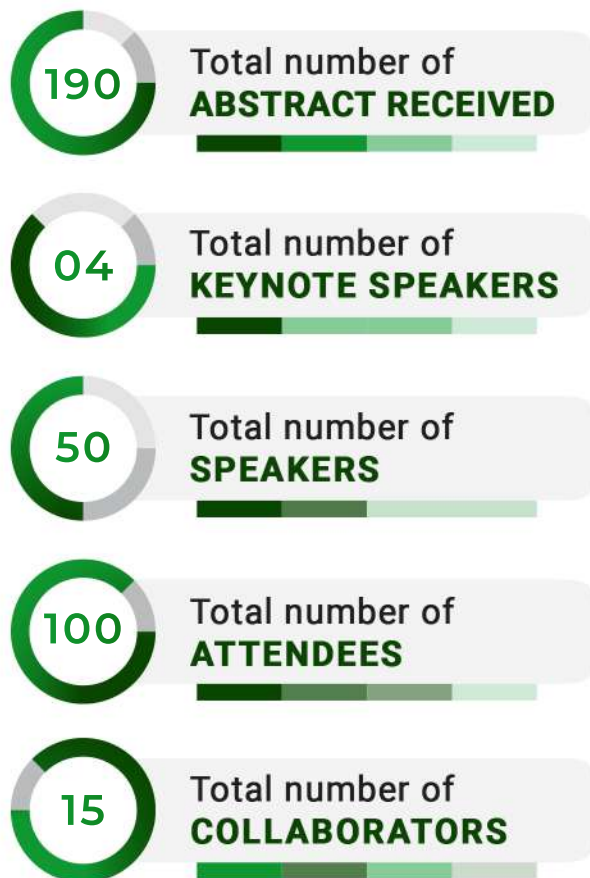

About Past Event:

We are pleased to share the success of the “**International Conference on Pediatrics and Child Health**” held on **May 15-16, 2025**, in **Dubai, UAE**. Organized by **Scientex Conferences**, the event was held under the theme “Encouraging Prospects: Promoting Health and Well-being in Pediatrics”.

Pediatric Summit 2025 brought together leading pediatricians, neonatologists, researchers, and healthcare professionals from across the globe to exchange insights and explore advancements in pediatric care through keynotes, oral presentations, and interactive sessions.

Building on the success of the in-person event, the “**International Webinar on Pediatrics and Child Health**” was held on **May 29–30, 2025**, via **Zoom (GMT+4, Dubai time)**. The virtual platform enabled broad participation and continued the conference theme with rich discussions on innovation and research in child health.

We thank all our speakers, attendees, and organizing committee members for their valuable contributions and look forward to future collaborations in advancing pediatric health and well-being.

Testimonials

Feedback

Hanaa Banjar

KSA

“Thank you very much for the invitation. It was really an interesting meeting. I heard really an up-to-date subject, very interesting, and it was very useful to me. My name is Dr. Hanna Banjar from King Faisal Specialist Hospital and Research Center from Riyadh. I'm a professor of pediatric and consultant pediatric chest specialist. I really thank the whole team and the committee for really giving us this interesting meeting, an up-to-date meeting. Thank you very much, and I hope you will continue this effort. Thanks.

Shailaja Vijaykumar Mane

India

“Hi, I am Dr. Shailaja Mane. I am from Dr. D.Y. Patil Medical College, Pune. I have received the invitation here as a keynote speaker. It was an amazing experience to be here. Very well-organized conference. We are taken care of nicely. It is a nice time to have interaction and have connections with many stalwarts from different fields. Particularly who are working passionately in the field of pediatrics and have connections with them and have interactions with them. I am enjoying this conference very well. Thank you. Thanks a lot.

Kristina Kokoreva

Russian Federation

“This is Kristina. I'm from Russia, from Moscow. I'm a pediatric endocrinologist. I'm really grateful to all the organizers of this conference for the chance to share my experience. Thank you. Thank you so much.

Abdulkadr Muhammed S. Alany

Iraq

“Really, I participate in this unique program, which is organized by the Scientex. For me, it was the first time, but I hope to participate in next year, next event, because here gathers more than one speciality. So, we interchange the idea, and I have learned a lot here and I try to present a new, my concept here about my technique in the treatment of the DDH. And I hope to see you all in next event. Thank you.

Spruha Pandey

UAE

“I'm Spruha Pandey, I'm a 12th grader and I study at James Morden Academy. I had the privilege of speaking at the conference today and I think it was a brilliant experience for quite a few reasons. Firstly, I really appreciate the experience of being in a scientific conference and presenting my research just as a student in high school. And I think it took a lot of confidence to invite me and I am really grateful for that. I also got to interact with many other individuals here today who published wonderful research. It was an invaluable experience that helped me learn quite a few things about the scientific community and the research process as a whole as well. Along with the networking opportunity, I think it's just a wonderful space for scientists and researchers and even amateurs like me to grow and to understand and to learn more about this world.

Alexandra Naumova

Russian Federation

“This is Alexandra Naumova. I'm a pediatric oncologist from Moscow, Russia. And I'm very grateful to the organizing committee for the invitation. It was a very great experience to share the result of my study with international colleagues. Thank you, a lot.
