ABOUT US

We are delighted to invite you to participate in the **6th International Conference on Public Health, Infectious Diseases & Health Care Research**, a premier international gathering of public health professionals, educators, researchers, policymakers and healthcare leaders taking place **in Tokyo, Japan and virtually on October 19–20, 2026**.

This hybrid summit is designed to advance the Public health profession across global borders by showcasing transformative innovations, strengthening interdisciplinary collaboration and elevating evidence-based educational and clinical practices. Guided by the inspiring theme:

“Advancing Research and Resilience in Public Health and Infectious Diseases,”

The **2026 Congress** will explore how Public health continues to evolve amid emerging healthcare challenges, technological advancements, and shifting global priorities. Attendees will engage in meaningful dialogue on the future of Public health, leadership, patient-centered care and collaborative healthcare practices.

Far more than a traditional conference, this congress serves as a **global platform** for shaping the next generation of public health through shared knowledge, innovation and collective action. Whether you are a seasoned academic, clinical leader, research scholar, or a passionate student, the 6th International Conference on Public Health, Infectious Diseases & Health Care Research will offer exceptional opportunities for learning, professional development and global networking.

Join us **in Tokyo, Japan** or participate **virtually from anywhere in the world** and be part of this transformative two-day event dedicated to empowering public health excellence and advancing the future of healthcare on a global scale.

2. Public Health Policy Advocacy and Implementation
3. Public Health Ethics and Law
4. Public Health Leadership
5. Health Economics and Financing
6. Health Equity and Social Determinants of Health
7. Public Health Epidemiology
8. Public Health Surveillance and Data Analytics
9. Global Health Challenges and Solutions
10. Population Sciences
11. Risk Assessment, Preparedness, Response, and Recovery
12. Global Health Security
13. Infectious Diseases
14. Emerging & Re-emerging Infectious Diseases
15. Viral Infections & Vaccine-Preventable Diseases
16. Bacterial, Parasitic & Fungal Infections
17. Antimicrobial Resistance (AMR) & Stewardship
18. Zoonotic & Vector-Borne Diseases
19. Infection Prevention & Hospital-Acquired Neglected Tropical Diseases
20. Clinical Infectious Diseases & Patient Management
21. Pediatric & Maternal Infectious Diseases
22. Sexually Transmitted Infections (STIs) & Reproductive Health

TARGET AUDIENCE

- Distinguished Speakers
- Leading Researchers
- Eminent Scientists
- Dedicated Educators
- Experienced Public Health
- Healthcare Professionals
- Industry Innovators
- Esteemed Doctors
- Health Practitioners
- Physicians
- Physician Assistants
- Certified Public Health Midwives
- Community Health Advocates
- Clinical Public Health Directors
- Public Health Educators
- Health Researchers
- Practicing Clinicians
- Health Managers
- Registered Health across various specialties
- Public Health Research Scholars
- Academic Public Health Educators
- Public Health Scientists
- Evidence-Based Practice Leaders
- Public Health Education Consultants

7 BEST PERKS OFFERING @ PUBLIC HEALTH CONFERENCE 2026

1. Broadcast your presentation Live over the web! Join us with your Colleagues
2. Global Exposure to your Research
3. Networking with Experts in the Field
4. Best Poster Competition and Young Researcher Competition
5. Opportunity to participate as a Student Delegates
6. Publish your research in International Journal
7. The Career Guidance Workshops to the Graduates, Doctorates and Post-Doctoral Fellows

Addis Ababa Science &
Technology, Ethiopia

Mariano Votta
Director Active Citizenship
Network, Italy

Daryle Wane
Pasco-Hernando State
College, USA

TESTIMONIALS FROM PAST SPEAKERS

“

"I had the opportunity to participate and do a presentation in recently concluded Cardiology Congress in Zurich Switzerland organized by Inovine Conferences. The meeting was very well organized and delegates were informed and given excellent support prior to reaching Zurich. Delegates from many different countries showcase their research in the field of cardiology. I found the meeting to be exhilarating and informative and was able to take home information which I can incorporate in my clinical practice. There were ample time to network and interact. The site coordinators and moderator did an excellent job and kept the flow of the conference on time and interesting.

I wish the very best to Inovine Conferences for their future endeavours and take this opportunity to thank them for bringing experts in different medical fields together..

Dr. Terrance Khastgir
Integris Baptist Medical Center, United States of America

“

"It was wonderful and the team was more helpful appreciate your efforts many thanks for all. Thank you so much for allowing me to be a part of such a wonderful event! Being able to share current information across the globe was an incredibly valuable experience. I look forward to participating and attending more of your conferences in the future!"

Prof/Dr Zeinab M. Aysha
University of Buraim, Oman

“

"It was my pleasure also to be part of this conference, and I appreciated all the offers I had through these days, and I am happy I could be assisting as moderator in addition to my presentation."

Ms. Edi Kachal
University of Szeged, Hungary

“

"Thank u for the opportunity for me to present my paper at your conference and meet such wonderful people from around da world"

Dr. Laxmi Devi,
Social Services Department
Govt. Of Sharjah, UAE

“

"This conference brought together important researchers with topical and very interesting presentations. Firstly, presentations addressed a series of topics of global interest regarding studies about different food products (e.g. cow's milk, wheat bread, etc.), enzymes, fertilizers and current global issues (e.g. food alternatives, food security, etc.). Secondly, the conference organization was at a high level. The support from conference organizers was permanently"

Dr. Dimitrie Stoica
Dunarea De Jos University of Galati, Romania

“

"Thank you for your kind message. It was truly a pleasure to participate in World Congress on Nanotechnology & Nanoscience. The conference was excellently organized and ran smoothly throughout the day. The selection of speakers and the insightful topics made it a very enriching experience."

Prof. Paulo De Morais
University of Brasilia, Brazil

“

"It is my pleasure to write testimonial for the event organised by inovine conferences, the event was well planned and executed. The selection of speakers was meticulously planned and executed. All most all the speakers were delivered wonderful briefings about their area of expertise. I have enjoyed the event. Thank you for opportunity and support. Thanking you inovine once again."

Dr. Muraleedhar S. Aski
Senior scientist , ICAR-IARI New Delhi. INDIA

“

"It was nice taking part and making my presentation. Hope to be among you soon. When will be the next event?"

Dr. Abdelaziz Ghanemi
Laval University, Canada

“

"Thank you very much for giving the opportunity of participating in this remarkable conference and congratulations to the conference organizers for the success of the meeting and to all experts that shared their research experience in this conference."

Dr. José Luís Miranda Dias
National Laboratory of Civil Engineering, Portugal

“

"Thank you very much for inviting me to participate in such a prestigious event. I truly appreciate the warm hospitality and kind attention you extended to me.

It has been an enriching experience to share our work and contribute to the scientific advancement of nanotechnology on a global scale."

Ms. Anyoli Taly
Grupo Leti, Venezuela

“

"I loved the conference, it was very well organized."

Mrs. Francieli Rufino de Almeida Lima
University of São Paulo, Brazil

“

"I would like to thank you for the opportunity to present my work at this event so im-portant for a rehabilitation area"

Dr. Jose Carlos Bomfim Lima
Nove de Julho University, Brazil

ABOUT TOKYO, JAPAN

Tokyo officially the **Tokyo Metropolis** is the capital and most populous city in Japan. With a population of over 14 million in the city proper in 2023, it is one of the most populous urban areas in the world. The Greater Tokyo Area, which includes Tokyo and parts of six neighboring prefectures, is the most populous metropolitan area in the world, with 41 million residents as of 2024.

Lying at the head of Tokyo Bay, Tokyo is part of the Kanto region, on the central coast of Honshu, Japan's largest island. It is Japan's economic center and the seat of the Japanese government and the Emperor of Japan. The Tokyo Metropolitan Government administers Tokyo's central 23 special wards, which formerly made up Tokyo City; various commuter towns and suburbs in its western area; and two outlying island chains, the Tokyo Islands. Although most of the world recognizes Tokyo as a city, since 1943 its governing structure has been more akin to that of a prefecture, with an accompanying Governor and Assembly taking precedence over the smaller municipal governments that make up the metropolis. Special wards in Tokyo include Chiyoda, the site of the National Diet Building and the Tokyo Imperial Palace; Shinjuku, the city's administrative center; and Shibuya, a hub of commerce and business.
