About us

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives.

Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges.

Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide.

We bring in eminent speakers with world-class expertise from various countries to enlighten our researchers and spark enthusiasm for research through our best conferences... [\(click here for more\)](#)

- Renowned speakers and scientists across the globe.
- Poster presentations and world class exhibits.
- Panel discussions and interactive sessions.
- B2B meetings.
- Perfect platform for Global Networking

Conference and Webinar Details

About Conference

Building on the success of Neuroscience Conferences held in 2023, 2024, 2025, and 2026, the **5th International Conference on Neuroscience and Mental Health** continues a tradition of international scientific exchange and collaboration across neuroscience and mental health. Taking place on **April 19–20, 2027**, in **Paris, France**, under the theme “**Bridging Neuroscience and Mental Health: Innovations for a Resilient Future**,” the conference offers a forum for presenting emerging research, exchanging scientific perspectives, and exploring new directions in the field.

Neuroscience Congress 2027 covers diverse research perspectives spanning the brain and nervous system, neurological and psychiatric conditions, human behaviour and cognition, and mental health and wellbeing. Its programme welcomes fundamental, clinical, experimental, computational, translational, and interdisciplinary research, with keynote presentations, oral and poster presentations, and interdisciplinary discussions providing opportunities for scientific exchange and cross-disciplinary engagement... About Webinar

Welcome to the **5th International Webinar on Neuroscience and Mental Health**, scheduled for **April 26-27, 2027** in the **GMT+2 time zone (Paris Time)**, under the theme “*Bridging Neuroscience and Mental Health: Innovations for a Resilient Future*.” It is our great pleasure to bring together distinguished researchers, clinicians, academicians, healthcare professionals, and students from around the world for two days of scientific exchange, collaboration, and innovation in the fields of neuroscience and mental health.

For those seeking to advance their academic and clinical expertise without the need for travel, this webinar offers an innovative platform featuring case-based presentations and live interactions with leading neuroscience and mental health experts. [\(click here for more\)](#)

CONFERENCE HIGHLIGHTS

- Lectures by the active Investigators
- Keynote forums by Renowned Speakers
- Speaker Forum
- Poster Sessions on latest Innovation in all the relevant Areas
- Panel discussions and interactive sessions.
- Open Innovation Challenges
- Poster Sessions on every career stage
- Post-Doctoral Career Development Session
- Young Research Forum
- B2B Meetings
- Global Networking with 50+ Countries
- Novel techniques to benefit your research
- Best platform for Global business and Networking opportunities
- Excellent platform to showcase the latest products in Neuroscience and affiliates

TARGET AUDIENCE

- Neuroscientists and Neurologists
- Psychologists and Mental Health Professionals
- Psychiatrists and Neuropsychiatrists
- Neurosurgeons and Neuro-Oncologists
- Neuroimmunologists and Rehabilitation Specialists
- Pediatric and Geriatric Neurologists
- Researchers, Academics, and Scientists
- Clinicians and Healthcare Professionals
- Pharmaceutical and Biotechnology Industry Professionals
- Universities, Research Institutions, Neuroscience Societies, and Mental Health Organisations
- Students, Early-Career Researchers, and Research Scholars

Session Highlights

- Neuroscience
- Neurology and Neurosurgery
- Psychology, Behavioural and Cognitive Sciences
- Psychiatry and Neuropsychiatry
- Mental Health, Wellbeing and Resilience

About Venue

CAMPANILE PRIME PARIS – PORTE DE BAGNOLET,
28 Avenue du Général de Gaulle, BP 311, 93170
Bagnolet, France.

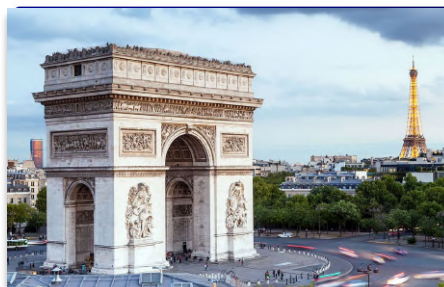

Campanile Prime Paris – Porte de Bagnolet is a modern hotel located in Bagnolet, on the eastern edge of Paris, offering a comfortable and professional environment for international meetings and events. The venue features contemporary conference facilities, well-equipped guest rooms, and a range of on-site amenities designed to ensure a pleasant stay for guests. Its convenient location provides easy access to central Paris, major transportation networks, and nearby attractions, allowing visitors to combine business activities with opportunities to explore one of the world's most iconic cities. With its welcoming atmosphere and excellent connectivity, the hotel serves as an ideal destination for hosting international gatherings and professional events.

Celebrated as the cultural and intellectual capital of the world, **Paris**, the magnificent capital of **France**, is an ideal destination for the **5th International Conference on Neuroscience and Mental Health**. This extraordinary city seamlessly blends timeless elegance and modern innovation, offering delegates a unique cultural and intellectual experience. Its world-renowned universities, research institutes, and healthcare institutions reflect the city's enduring commitment to scientific advancement and excellence.

Paris is famed for its iconic Eiffel Tower, Grand Boulevards, and World-Class Museums. It is a place where centuries of history meet cutting-edge research and discovery, offering visitors everything from vibrant café culture and historic landmarks to state-of-the-art conference facilities and luxurious accommodations.

Beyond the conference, attendees can explore the city's celebrated culinary scene, breathtaking architecture, and iconic attractions such as the Louvre Museum, Notre-Dame Cathedral, and the charming Montmartre district. Paris offers a truly cosmopolitan experience that is both enriching and unforgettable...[\(click here for more\)](#)

TOP REASONS TO PARTICIPATE

- Develop Your Network
- Position Yourself as an Expert
- Meet Experts & Influencers Face to Face
- Gain Targeted Knowledge
- New Tips & Tactics
- Invest In Yourself
- Gain New Collaborations
- Present your Ideas and Work
- Be Inspired
- Travel, Explore and Have Fun!!

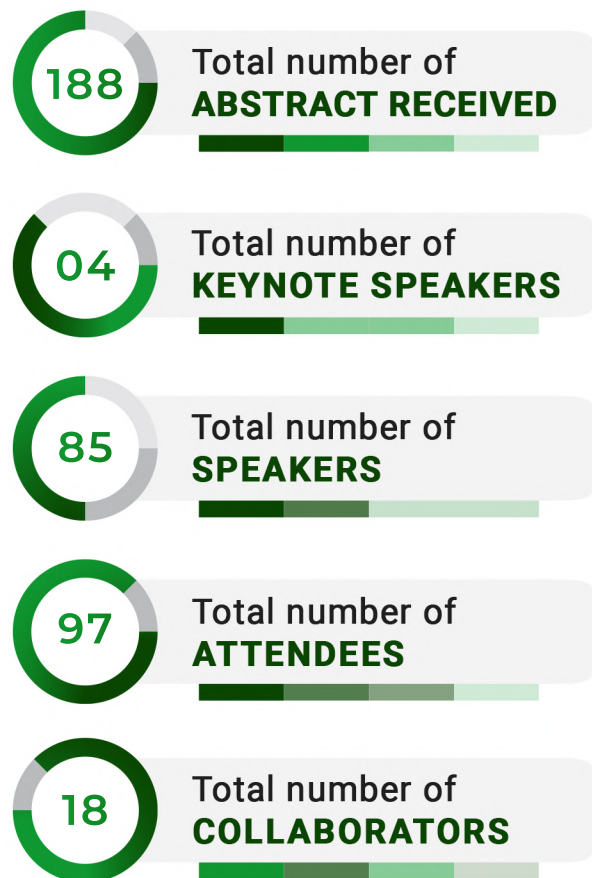

Past Event Report

About Past Event:

The 4th International Conference on Neuroscience and Mental Health, held on May 14–15, 2026, at the AC Hotel by Marriott Kuala Lumpur, Malaysia, and the 4th International Webinar on Neuroscience and Mental Health, held on May 28–29, 2026 (GMT+8), under the theme “*Neuroscience and Mental Health: Healing Mind, Brain, and Society*,” proved to be a resounding success, bringing together an exceptional gathering of global minds dedicated to advancing the science and practice of neuroscience and mental health. The programme was thoughtfully curated, featuring distinguished keynote addresses, innovative research presentations, engaging poster sessions, and thought-provoking panel discussions that sparked meaningful scientific dialogue across multiple disciplines.

Our sincere gratitude goes to every member of the Organizing Committee for their tireless dedication, the abstract reviewers for their thorough and thoughtful evaluation, and the speakers and delegates whose expertise and enthusiasm brought the programme to life.
